**Gripper's
personalized,
efficient and
professional
service is the
best alternative**

when importing items from the United States and get competitive prices in our market. We know that one of the main limitations for companies when importing is the low initial volume, in Gripper grouping all the needs we managed to add a volume of products that after being consolidated in our warehouse in the USA, we send it in a single load reducing the costs and the final price.

We have 1000m³ of deposit in several modalities with **24-hour electronic security**, We receive your merchandise in our premises supervising quantities and possible failures, We return the container (s) to the Cargo Terminal. A flexible service, adaptable to the needs of each client.
